RAPTOR[®] VOLUNTEER MANAGEMENT

STREAMLINED PROCESSES
FROM APPLICATION, TO
SCREENING, TO REPORTING

DESIGNED FOR VOLUNTEER COORDINATORS TO GAIN COMPLETE CONTROL

Simplify your volunteer process with an online application, time tracking, event management, and robust reporting.

ONLINE APPLICATION & INSTANT SCREENINGS

Customize your application to align with district requirements. Screen applicants with the appropriate background checks and request documents like driving records. Choose to automatically approve volunteers with no criminal or sex offender history and only review applicants with potential risk.

COMMUNITY ENGAGEMENT & EVENT MANAGEMENT

Create and manage events at the school or district level. Easily email volunteers when a new opportunity is posted, event details change, or to remind them about an upcoming event.

“

Raptor really helps with our volunteer management when it comes to safety and security. Every time a volunteer signs in, there's a security measure of scanning their ID against the sex offender database of all 50 states—and it's so organized and easy to use.

”

*Judy Burgess
Administrator Human Resources Development
Visalia Unified School District*

REDUCED PROCESSING & TIME

Comprehensive online application and screening reduces the approval process from weeks to hours. Instantly notify approved applicants and send automatic reminders of expiration dates, program updates and upcoming events.

VOLUNTEER PORTAL

Increase collaboration, ensure volunteers stay informed on upcoming events and opportunities, and enable volunteers to track hours through the Volunteer Portal.

“

I've literally had people hug me when I've been at a school because we switched to Raptor Volunteer Management. Raptor has streamlined the volunteer management process. The volunteer coordinator at each school can check the online queue and easily review applications. The batch printing saves a lot of time on field day. Now, field day volunteers sign in through Raptor and are checked against the sex offender database, giving us this extra layer that they're all being vetted every single time. It's just a phenomenal process.

”

*John Casullo
Director of School Safety
Henrico County School District*

ROBUST REPORTING & TRACKING

With all information centralized in one location, you can quickly create customized, detailed reports to see how your volunteer program is scaled across your district.

SCREEN & TRACK SCHOOL ENTRANTS

Raptor Volunteer Management integrates seamlessly with Raptor Visitor Management, allowing schools to secure their campus by knowing precisely who is on campus and why. Reporting provides accurate school- and district-wide data on who is gaining access and working with students.

ABOUT RAPTOR®

CREATE SAFETY & PEACE OF MIND

Raptor software was built to help schools manage every stage of safety and protect every child, every school, every day.™

The Raptor integrated suite of school safety software and services along with the SchoolPass automated attendance and dismissal products covers the full spectrum of school safety.

Our team of safety software experts and our suite of industry-leading solutions provide schools with confidence in their safety and student wellbeing programs so they can focus on teaching.

Driven by our shared mission to protect every child, every school, every day, Raptor helps customers mitigate risks— from prevention and preparedness to reunifying families. Learn why 60,000+ schools globally, including 5,300 U.S. districts trust us for their school safety needs.

SCHOOL SAFETY IS A **JOURNEY, NOT A DESTINATION**
